

From 5% off golf breaks at select independent UK and European hotels – breakfast included.

This group of Utell Hotels & Resorts superior and luxury hotels have a golf course on site, or are located within 5 miles of the nearest course. Many of the hotels have preferential agreements with nearby courses and are able to help manage your golfing needs; from tee time bookings, to organising lessons with a pro or if you're just looking for the nearest practice range to hone your skills.

You can even remedy the age-old problem of a non-golfing companion and stay at one of these hotels that offers both spa and golf facilities.

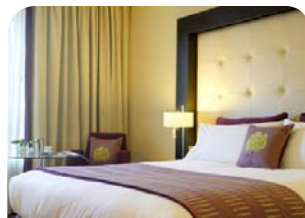

Offers* **include breakfast**. Rates featured are based on two persons sharing and are per night for two night stays or more.
